Better Together: The Power of Team-Based Care in Behavioral Health Integration

Join us for the 4th Annual Arkansas Behavioral Health Integration Conference, the state's premier event dedicated to advancing whole-person care. Each year, hundreds of professionals across primary care, behavioral health, hospitals, and community organizations come together to strengthen integrated care efforts statewide. 2026 will highlight collaboration as the foundation for improved access and outcomes and offer expanded networking opportunities, continuing education credits (CE), and national and state experts providing practical, evidence-based strategies to elevate the quality of care in their organizations.
